VERY IMPORTANT, PLEASE BE AWARE --- in the month of Sept 2019, the actual paycheck date will be Friday 9/20/19 --- there might be a slight delay in the funds being loaded onto your Transit flex cards. Usually the file is loaded the night before but the actual funds are loaded on the debit cards in waves. There might be some members that might not have funds loaded on their cards until mid day on 9/20/19 or right before they go home. We will do our best to have all cards funded by 5PM on 9/20/19. Please keep in mind this funding is for the Oct 2019 benefit month, not to be used for Sept expenses.
