Neighborhood Health Plan (NHP) and Benefit Strategies, LLC (BSL) are partnering to bring opportunities for your clients to manage medical plan costs, increase employee focus on healthcare consumerism and provide pre-tax savings!

Partnered consumer driven health plan solutions from two companies you trust to meet your client's health insurance needs

Streamlined HRA solution with a direct claims feed from NHP to BSL

Pair an NHP deductible plan with a BSL HRA. The direct claims feed will allow BSL to automatically process HRA eligible claims. Your client decides if HRA payments should be sent to the participant or the provider.

No FSA receipt submission needed with FSA *Expense Tracker* claims feed

Pre-tax savings through an FSA can help offset employee out-of-pocket expenses. An NHP claims feed will load into the participant's BSL *Expense Tracker*. Participants can login to their secure account, easily identify FSA eligible claims, and with just a few clicks they can file for FSA reimbursement, or direct an FSA payment to a provider.

Employee engagement in healthcare spending with HSA *Expense Tracker* claims feed

COMING SOON! Effective for January 1, 2014, pair an HSA qualified high deductible health plan from NHP with a BSL administered HSA. An NHP claims feed will load into the participant's *Expense Tracker* located in their secure BSL online account. From here, participants can monitor their healthcare spending and easily request a disbursement from their HSA to pay a healthcare bill or reimburse themselves for bills they've already paid.

**Neighborhood Health Plan and Benefit Strategies, LLC:
A partnership that works
for you, your clients and their employees!**
