Reminder: Transit passes must be purchased with your FlexExpress Card

**FlexExpress Card may not work at all MBTA retail locations due to the coding embedded in the retail location's "card swipe" machine (example: Code comes through as "convenience store", not "transit vendor", and therefore the card will deny.) Additionally, some locations, such as Haymarket Foodbasket, may only accept cash.*

Recurring Automatic Monthly Pass Purchases

CharlieCard users can sign up online for a MyCharlie Account on the MBTA web site, which provides automatic, recurring monthly pass purchases. Enter your FlexExpress card number and it will be automatically charged for your recurring pass five days prior to the end of the month. You can remove the recurring feature at any time by logging into your MyCharlie Account. Signing up for a MyCharlie Account also protects you against loss, theft or damage to your card.
